

CHATEAU LATOUR

Friday 12th June 2009, 7.30pm arrival.

The Greenhouse Restaurant and Marlon Abela are pleased to announce a unique dining event featuring the wines of First Growth Château Latour.

The evening will include 15 vintages from this legendary estate, 4 served as a pre-dinner tasting and 11 further vintages served with a five course dinner specially created by Michelin starred chef Antonin Bonnet.

Hosting the evening will be Frédéric Engerer, President of the estate for more than 15 harvests, who has chosen a magnificent selection of the greatest vintages over the last 60 years.

Each wine; served either from magnum or bottle, has come direct from the cellars of the Château and is therefore of impeccable provenance.
